Pentecostal flames over Luveve, Zimbabwe!

came out of them. Deaf ears were opened; three blind ladies received their sight. Three people who could not walk and had been carried to the crusade

began to walk, run, and dance.

There was one dramatic moment as people were coming up to testify about what God had done for them. Testimonies are done in an orderly fashion, and the people are screened and directed by our team and volunteers. During that time, an old man suddenly appeared from nowhere and began running and dancing all over the platform. He was weeping and continually shouted at the top of his voice, "I could not walk for thirty years..." Because he could not grasp the immensity of what the Lord had done for him, his eyes were filled with a look of wild incredulity.

It was hard to understand what he was shouting about since he was jumping and weeping at the same time. Assuming he was a drunk, our ushers tried to grab him and take him off the platform, but he proved to be unstoppable. We soon began to understand what had happened, and at that time the whole place exploded with joy. We all shouted and danced with this man, rejoicing at the wonder-working power of Jesus!

Moments like this always stir up passion deep inside my heart and soul. I am reminded of where I came from and where I stand today; how God brought me out of the deep darkness of Islam, and now I am a recipient of the priceless privilege of knowing our Lord Jesus Christ. The magnitude of what God did for me truly overwhelms me!

Dear Friends,

Greetings in the name of Jesus!

This newsletter reports on a crusade in Luveve, a township just outside Bulawayo in Southern Zimbabwe. The crusade was well prepared by our Africa team and the local churches were very excited, anticipating great things from God.

Upon arriving in Luveve, I went directly to the crusade

service. I was extremely tired having just traveled twenty-four hours from Singapore. The moment I stepped onto the platform, the anointing and the Fire of the Holy Ghost energized me. I know that I had nothing to do with what happened – it was one hundred percent Jesus and His Grace!

The first night, a huge multitude gathered to hear the Gospel. They eagerly listened to the Word of God and responded to the altar call for Salvation. The Lord did amazing miracles to confirm His Word!

Many demon possessed people fell to the ground screaming as the demons

we called upon the Name of Jesus. *Satan is totally powerless before the Name of Jesus Christ of Nazareth!*

What a wonderful crusade! We reaped an amazing harvest of souls for God's kingdom. There is nothing in this world like seeing such huge multitudes of souls receiving Jesus. As news of the wonderful works of God spread, people came from throughout Zimbabwe and even as far away as South Africa to hear the Gospel and to receive salvation and healing.

One night, we witnessed an amazing deliverance. I had never seen or heard of anything like it in over 30 years of ministry. My team and I would have a hard time believing it, had it not happened before our very eyes.

When I began to rebuke the devil, a woman in the crowd began to cry out and manifest demons. She was screaming that a demon was moving inside her and cried out for help. When some of my team went to her, they saw something literally come out of her body and it began to move violently inside her clothes.

The last two nights were filled with amazing miracles! We saw many deaf and crippled people healed. On Saturday evening, there were four individuals attending the crusade who could not stand even with assistance and two of those were carried in on wheelbarrows.

One man, who was pushed to the crusade in a wheelbarrow by his wife, was an absolute skeleton and looked comatose. At first sight, I thought she was bringing a body to be raised from the dead.

One of our team members, never having seen anything like it in his life, shouted, "In the Name of Jesus, whatever you are, I command you to die!" The very next instant a huge furry rat flew out of the woman and landed on the ground – dead! My team quickly made a fire in which to burn the creature. There is no one like Jesus! Hallelujah!

The scope of human suffering was so immense. Feeling overwhelmed, I turned away from the crowd and went on my knees and prayed, "Jesus, I am moving aside and I ask you to walk through this crowd tonight." That night, Jesus of Nazareth disregarded the US State

of his head. She testified that when I prayed for the sick, she placed her hand on the growth as I instructed them to do. As I prayed, she felt the growth begin to shrink and by the time I was finished, it was totally gone! All of this and it was only the first night. What a wonderful Jesus we serve!

The Lord continued to pour out His Spirit of Grace. Multitudes received salvation through the Blood of

Jesus, and God confirmed His Word through amazing miracles. Throughout the week many deaf ears were opened, and blind people began to see. The crippled and lame, which were brought in on wheelbarrows or hobbled in on crutches, began leaping and dancing. Prior to this, we had never seen so many crippled and lame people healed in a crusade.

Miracles began to happen all around us. Demons relinquished their hold upon people and began to come out. Many set aside their crutches and began to walk. Jesus touched the man in the wheelbarrow, who appeared dead, and he got up and began to walk. Through

it all, the crowd was shouting and praising God.

There was a little boy born with twisted and deformed legs and we saw God straighten out his legs before our very eyes. With a big smile upon his face, he began to jump and run for the first time in his life. A woman who was totally paralyzed and brought in a wheelbarrow stood up and began pushing the wheel-

Understanding our Testimonies and Statistics

In an effort to help our readers, partners, and friends better understand how Dynamis World Ministries operates, we want to take a moment to explain how we gather and document our healing testimonies and how we compile our statistics.

God's Word says in Malachi 3:6, "For I am the Lord, I change not." This reassures us that He *still* forgives all our iniquities, and He *still* heals all our diseases. In spite of this fact that Jesus Christ is the same, yesterday, today, and forever, we know that there are many people who have never experienced His healing touch, and it may be hard for some to comprehend the wonderful miracles that are recorded in these newsletters. The following explains the process of how we document these events. We do not claim that our system is perfect or foolproof, but it has worked well. And as a result, God has blessed us with a reputation for integrity and for that we are truly grateful.

Each person who testifies that they have been healed during a crusade goes through a three-part process which we

have established in an effort to verify and document the healing. First, they speak with a pastor or counselor who verifies that there was a healing. Once the healing is verified, the person must then talk to a member of our Africa Team who re-evaluates the person and their claim to confirm the healing. If at any point we discover that a person is only partially healed, they are asked to come back when the healing has fully manifested. Once our team establishes that there was indeed a healing, the person testifies before the crowd. After they have testified, they are then interviewed and their testimonies are recorded on a testimony form. In addition to the details of

the testimony, we record their names, addresses, and various other details. We know that the measures we take do not guarantee that people are being truthful, and for this reason we do not carelessly document these healings.

As far as our statistics, we do not state any numbers of people attending our crusades since there is no way of accurately measuring the size of a crowd other than by physically counting each person who is present. Anything that is stated is at best an approximation. Since we do not feel that this is a necessary use of our staff resources, we do not spend the time attempting to make such documentations. Instead, we include a crowd photo in each newsletter so that you, the reader, can draw your own conclusion as to the impact we make on the cities we visit.

barrow around. Among other things, there were huge tumors that disappeared and blind eyes that were opened.

The sheer magnitude and number of amazing things that God did in our midst has been overwhelming for our minds to keep up with. We are broken and we have wept in the presence of God!

On the last night, the Holy Ghost fell with explosive power, and thousands were

baptized with the Holy Ghost and with Fire. As the Holy Ghost fell upon the gathered multitudes, large patches of the crowd fell down under His power. It appeared as if the Hand of God was sweeping over the sea of humanity and knocking them to the ground. The crowd burst into other tongues, shouting and weeping.

In front of the platform, I saw young people piled up on the ground on top of one another shaking, weeping, and speaking in tongues. O what a sight to behold – A sea of beautiful, tear-stained African faces turned toward Heaven. As Pentecostal Fire descended, worship in other tongues ascended to the Throne of God!

Things have been very tough in Zimbabwe. We have been plowing and sowing there for years, and now harvest time has come! People are hungry for Jesus, and this is a time of Divine visitation bringing harvest and revival to Zimbabwe. God is pouring out His Spirit, and the nation of Zimbabwe is being washed in the Blood of Jesus! *All glory to our Lord Jesus, for He alone is worthy!*

Thank you for your love, prayers, and support that God uses to make these wonderful things possible! Our prayer for you is that 2007 will be a fruitful year, full of Jesus!

In Christ Jesus,

Christopher and Britta Alam

Throughout the entire week, we lived and breathed in a crucible of Holy Ghost Fire. The amount of people coming to Jesus and the amazing miracles has been truly incredible. We are grateful, humbled, and overwhelmed by God's power and presence. The pastors of the local churches are fired up, and we immediately launched into three intensive weeks of follow-up of the new converts.
