Blessings in Chimoio, Moçambique!

Dear Friends,

Chimoio is situated in central Moçambique. It has had a reputation of being a place very nonchalant towards the Gospel. Our team went to prepare

the crusade, and faced a wall of apathy from most of the churches in town. We were also told by people that as far as they could remember, no large Gospel Crusade had ever been held in the town.

did manage to get around 10 churches to work together with us. Our team worked together with these churches in preparing the crusade.

The crusade was scheduled for the third week of March. The rainy season is supposed to end in late February or early March, but this year the rains in Moçambique persisted for quite a long time.

It rained heavily every day, and even the day before the crusade it literally poured heavily all day, through the night, and into the morning. The Lord then did a miracle on our behalf. The rain stopped, and it did not rain for the next two weeks, through our two crusades in the area! Every day was warm and sunny from that point onward!

One of our main AWAKE Churches in Moçambique happens to be in Chimoio.

The pastor is well-respected because he is also the principal of one of the best schools in the town. Because of the favor that God has given him, we

She had become mute. Jesus healed her and gave her speech back!

Jesus Christ, the same, yesterday, today, and forever. Hebrews 13:8

Go ye into all the world and pre

But, the two days of rain prior to the start of the crusade caused difficulties for our team as they had to wait until the rain stopped to put up our platform, towers, lights, PA system, and electrical wiring. This went into the evening of the first night. We were on the verge of canceling the meeting, but decided to go on anyway.

The crowds the first few nights were smaller than what we are used to in our crusades. The main reason was the apathy of the local people, and another was because of a shortage of educational institutes. Also, the schools and colleges held classes in the evenings, so there were hardly any young people at the meetings. In spite of this, God really poured out His miracle working power night after night, and that finally broke the spirit of apathy over the people.

Word of the miracles that the Lord was doing spread, and on Saturday the crowd suddenly tripled in size. On Sunday, it grew even more and we had a huge crowd of people who came out to hear the Gospel preached. We had broken through!

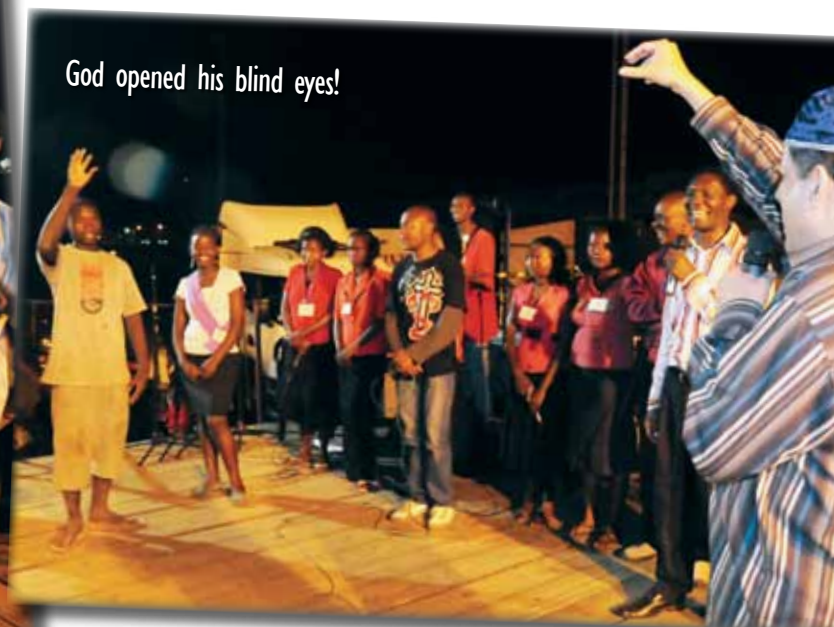

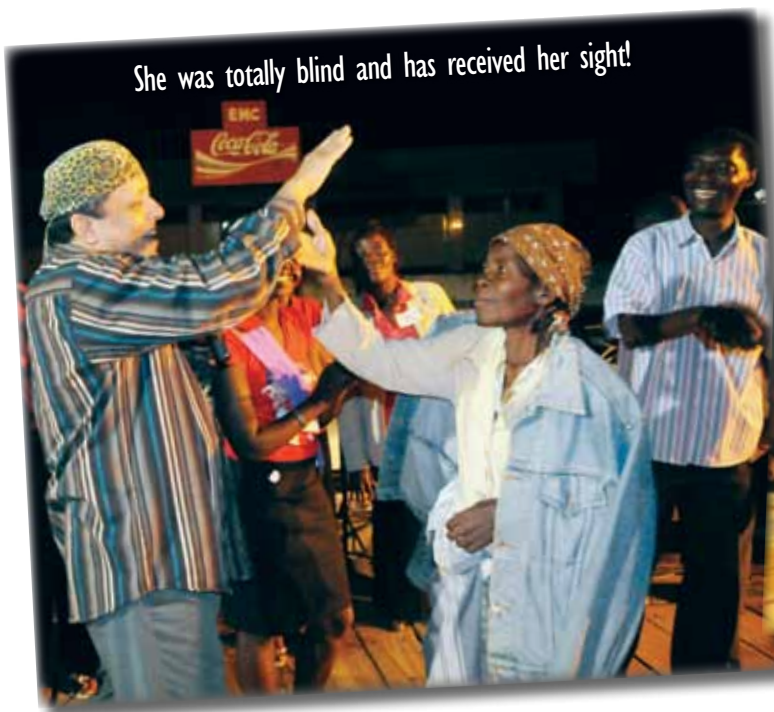

Every single night, we saw the Gospel going forth with great power. People were coming under conviction and thousands received the Lord Jesus every night. Many were healed and set free by the Grace and the Power of our Lord Jesus.

To highlight some of the things that we saw:

- Many deaf ears were opened every single night.
- A lady that was totally blind for many years was brought to the crusade by her son. Jesus opened her eyes and she saw perfectly. She followed me

around the platform as the crowd shouted for joy.

- Other blind people and several people who had severely impaired vision received their sight.
- A lady's paralyzed arm and hand were healed and totally restored.
- A man whose back was partially paralyzed ran and jumped.
- Another man who was paralyzed and mute got up and walked and could speak.
- A lady who was mute began to speak.
- We saw a number of paralyzed people walking and others who had only been able to move with great difficulty.
- Scores of people lined up to testify of healing from all kinds of diseases and infirmities.

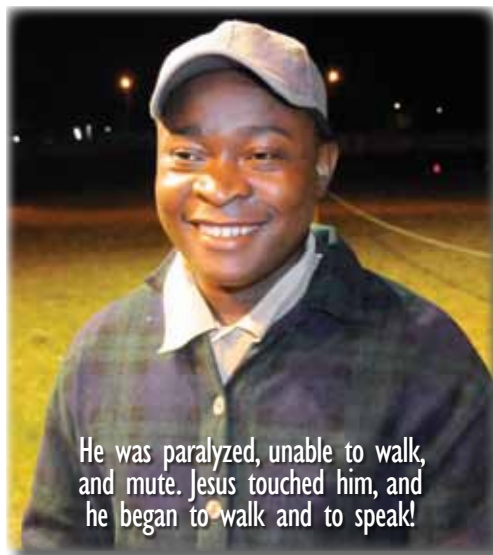

reach the gospel.

- During one night's service, miracles were happening all over the place. Suddenly, thousands of people went crazy and ran shouting towards the side of the platform. Because of the sheer number of people, all the shouting and the total chaos, I did not see or know what had happened until my team told me the next day: Jesus touched a paralyzed woman had been brought to the crusade in a wheelbarrow by her family. She stood up and began to walk. The people saw it and the crowd went out of control, shouting and running towards her as she walked around praising God.

This is what our Lord Jesus can do! He is the unchanging Christ! His love and His Power are ever the same! He is the Same Today!

The crusade ended with great joy in the hearts of the people. There was much shouting, dancing and rejoicing on the last night. This crusade had a wonderful effect on the people of Chimoio. At

the hotel where I stayed, the staff was asking me to lay hands on them and to pray for them. Chimoio has a large Muslim population and we even saw a number of these Muslims come to the crusade where Jesus touched them.

He was paralyzed, unable to walk, and mute. Jesus touched him, and he began to walk and to speak!

We are so thankful to our Lord for all that He has done in people's lives in Chimoio. All Glory to Him alone!

Thank you for your love, prayers, and your faithful financial support that make all this possible. You, who give and through your giving send us out to the harvest field, shall receive the same reward from our Lord as we.

Please do share about our work with others who would be interested in joining together with us and supporting us.

Each crusade costs us approximately \$25,000. This includes all the costs of a crusade, including our 3-week long intensive pre-crusade Mobile Bible School for the local churches and post-crusade follow-up of new believers. For this amount we can reach an entire town with the Gospel! If your church,

business, or family would prayerfully consider sponsoring an entire crusade, half a crusade or any part of one, it would be a great help to us in getting the Gospel out to the lost!

Thank you for standing with us in reaching the lost with the Glorious Gospel of our Lord Jesus!

In Christ,

Christopher and Britta Alam
