Pentecostal Fire Falls on Dondo and Munhava, Moçambique

Dear Friends,

In this newsletter, I would like to report on our recent crusades held in the Moçambique.

On my way to Africa, I stopped in Singapore and ministered on a Saturday and Sunday at Grace Assembly of God, pastored by Dr. David Lim. I arrived in Moçambique after a long journey from

Singapore via Bangkok and Johannesburg and started preaching the same day.

Our Africa Team led by Pastor Mavondo had worked very hard with the local churches in preparing the crusade. I must mention, here, the invaluable help that we received from the local leadership of the Assemblies of God. In fact, all the Assemblies of God churches in the area, about 70 in all, got behind us in full force, along with many other churches of different denominations.

The first crusade was held in Dondo, a small town about 30 kms away from the coastal city of Beira. Dondo had never before been touched with a Gospel crusade. The second crusade was held in Munhava, a large township by Beira, and it had not been touched by a Gospel crusade for many years.

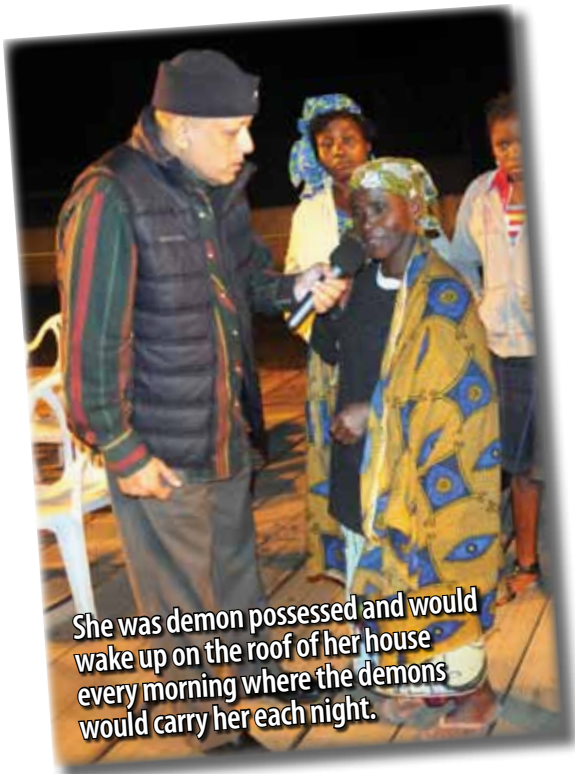

The crusades started with thousands of people in attendance and the crowds growing with each service. As the Gospel message went forth, thousands of people received Jesus every

night. People were healed from different kinds of diseases and infirmities. Deaf ears were opened, blind people received their sight, and demon possessed people were set free.

One of the most outstanding miracles we saw in Dondo was that which the Lord did for a young woman. She was carried in lying down, totally paralyzed and immovable. She looked like a skeleton and at first my team thought that it was a dead body. She was totally emaciated and her muscles were atrophied, but the Lord touched her and healed her!!

Then there was a very unusual testimony of deliverance from demons: A lady told us that every night she would go to bed, but she would wake up in the morning lying on her rooftop. There were no stairs going up to the roof! This is one example of the unusual kinds of demonic activity that one sees in Africa. She told us, "Last night after I was set free at the crusade, I went home and went to bed. I slept well the whole night and woke up in my own bed in my room!"

Our Jesus is wonderful!

She was demon possessed and would wake up on the roof of her house every morning where the demons would carry her each night.

Jesus Christ, the same, yesterday, today, and forever. Hebrews 13:8

The blind...

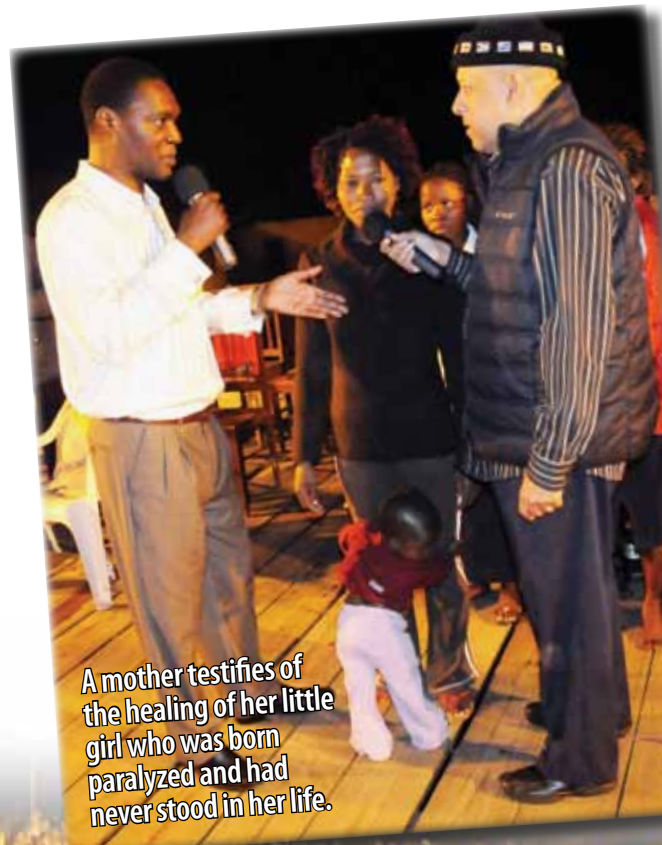

...receive their sight!

The last night of the Dondo crusade was washed out by rain. Thousands had gathered carrying umbrellas, but we had to cover up our equipment to protect it from the elements. Because of this, we cancelled the meeting. However, we did minister to the people by laying hands upon them, and the Lord touched many that night.

Then we went to Munhava, located by Beira, which is by the Indian Ocean. The last time the people of Munhava saw a Gospel crusade was many years ago. God moved with great power over the town and we saw multitudes of people gather to hear the Gospel every night. The crowds grew night after night, and we saw these multitudes respond to the altar call for Salvation.

On the last night as I preached about the Blood of Jesus from Zachariah 13:1, demon possessed people fell on the ground screaming. Wherever there is witchcraft there is demon-possession, but the Name and the Blood of Jesus

A mother testifies of the healing of her little girl who was born paralyzed and had never stood in her life.

Christ are mightier than the devil and all his works! During this crusade we saw large numbers of demon-possessed people set free by the Power of the Name of our Lord Jesus!

The Lord also poured out great Grace and confirmed His Word with Signs, Wonders, and Miracles. Long lines of people lined up to testify of miracles every night. We saw the Lord open deaf ears and blind people receive their sight.

On the last two nights, we saw two mothers who came up with their little children who were born paralyzed and had never stood nor walked before. The Lord Jesus healed both of them! (See their pictures attached here!)

On the last night, the Holy Ghost fell with Pentecostal Power and thousands were Baptized with the Holy Ghost and with Fire, speaking with other Tongues. It was a most amazing sight, an African Pentecost!

Follow up of those who received Salvation started the day after the crusade ended. But, already on Sunday night, the last night of the crusade, the Pastors in Munhava reported that their churches were overflowing in their Sunday morning services with new Believers from the crusade!

We give all Glory, Honor, and Praise to our wonderful Lord Jesus!

Thank you for your love and prayers and for joining your faith together with us. Thank you especially for your financial support for this ministry that makes all this possible. There are great rewards, both temporal and eternal, when we sow seed into the winning of souls for Jesus!

If you know people or churches who would be interested in our ministry, please ask them if they

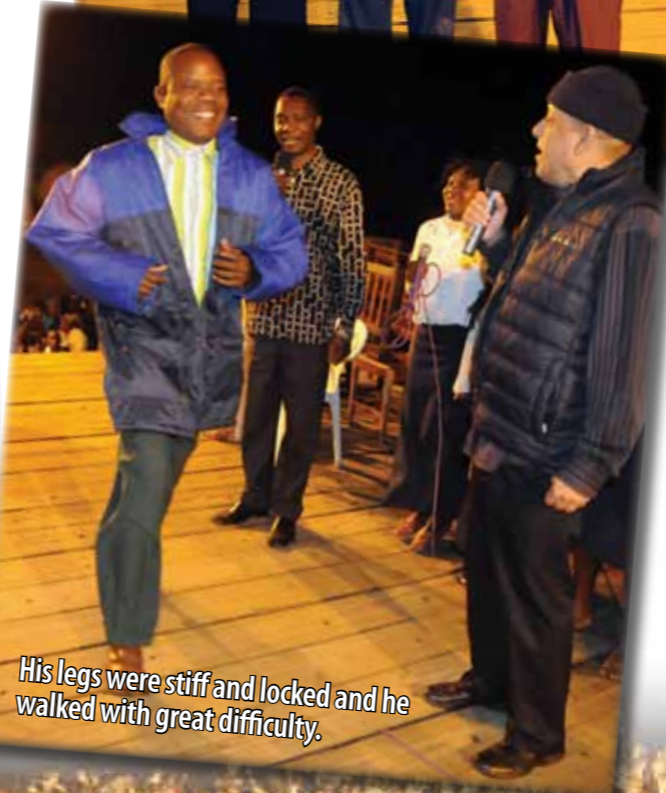

would like to receive our newsletter, and pass their addresses on to us!

Pastor Paul Grabill

Brother Paul was a great and humble man of God. He was one of a rare breed of men - one who was highly educated, very gifted, intelligent with an incisive mind, yet full of the Holy Ghost and Wisdom, reaching out to God in all things.

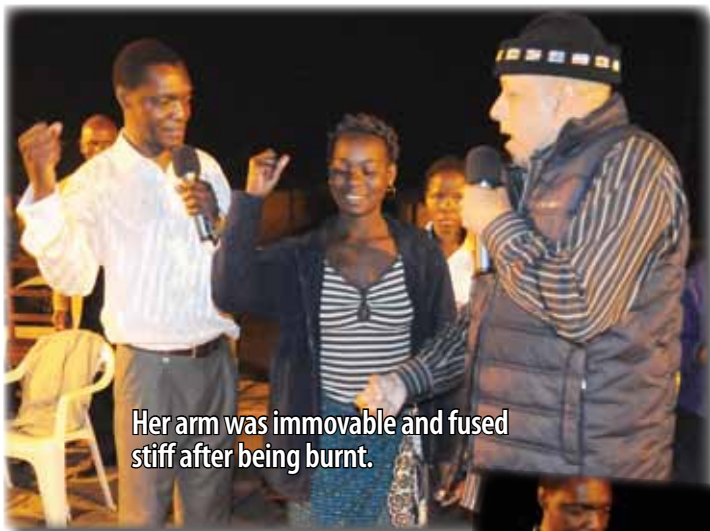

I admired both his spirit and his educated and philosophical mind. To say the least, he had a profound

influence upon my own life. The personal help and advice that he extended to me when I joined the Assemblies of God has been priceless.

Our thoughts and our prayers are with his wife Arline, with Rob, Ryan and Oreida. Thank you Brother Paul for all your love and kindness to me.

Farewell, till we meet again!

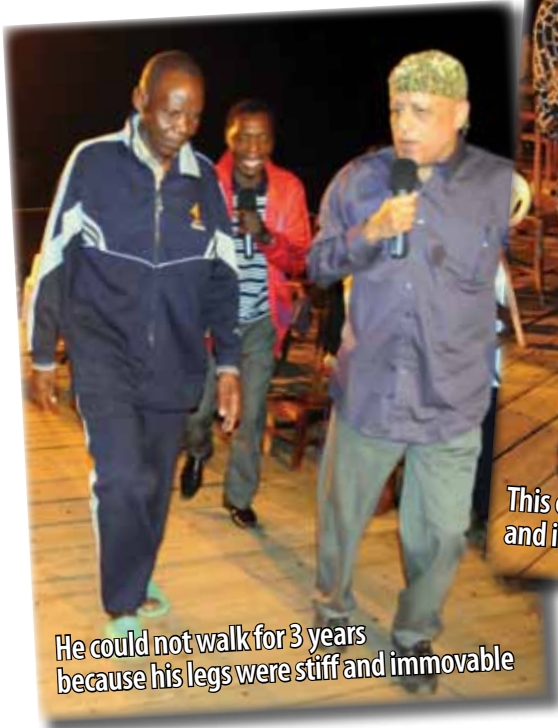

Our beloved Brother and Friend Pastor Paul Grabill of State College Assembly of God went Home to be the Lord on the evening of August 12.

Her arm was immovable and fused stiff after being burnt.

He was totally deaf in both ears, and now he can hear.

He could not walk for 3 years because his legs were stiff and immovable

This child's right arm was dislocated and immovable for 2 years.
